PROFESSIONAL SUMMARY

Motivated fresher from Panimalar Engineering College with a strong backend foundation in Core Java, Spring Boot, JDBC, and MySQL, complemented by working knowledge of HTML5, CSS3, and JavaScript gained through a web development internship. Built a Java-based backend application with full CRUD functionality and clean layered architecture. Quick learner, eager to strengthen frontend skills on the job. Available to join immediately.

TECHNICAL SKILLS

Backend: Core Java (OOP, Collections, Exception Handling), Spring Boot, Spring MVC (Controller/Service/Repository), Dependency Injection, JDBC

Database: MySQL - DDL/DML, SELECT/INSERT/UPDATE/DELETE, Joins, Indexing basics

Frontend: HTML5, CSS3, JavaScript (working knowledge)

Tools: Postman, Git, GitHub, Eclipse, VS Code, MySQL Workbench

PROJECTS

Student Record Management System *Java • Spring Boot • MySQL • JDBC*

June 2026

- Developed a Java-based backend system for student record management using Spring Boot and JDBC, implementing full CRUD (Create, Read, Update, Delete) operations with robust exception handling.
- Designed a Student entity class applying encapsulation, with Controller and Service layers following the Spring MVC separation-of-concerns pattern.
- Integrated MySQL via JDBC for persistent storage and retrieval of records, handling connection lifecycle and SQL exceptions.
- Implemented input validation and Java exception handling for invalid IDs and malformed payloads, returning appropriate status codes.

EXPERIENCE

Web Development Intern

July 2025

Wiztech Automation Solutions, Chennai

- Developed 5+ responsive web pages using HTML5, CSS3, and JavaScript for desktop, tablet, and mobile breakpoints.
- Automated daily test-result reporting, saving the team approximately 30 minutes of manual work per day.
- Collaborated with 4+ developers to resolve 10+ frontend bugs and ship feature enhancements within sprint timelines.

EDUCATION

B.E. Computer Science & Engineering — Completed

Panimalar Engineering College, Chennai | CGPA: 8.33

CERTIFICATIONS

Java - W3Schools • DSA Essentials • Web Development - Internshala • MySQL - Learntube • HTML & CSS - W3Schools

LEADERSHIP & VOLUNTEERING

- Student Chapter Lead - Directed a 30+ member chapter across 3 semesters, coordinating events and peer-mentoring activities.
- Volunteer Coordinator - Managed logistics and 20+ volunteers for the Annual Blood Donation Camp at Panimalar Engineering College.
- Awareness Campaign Volunteer - Organised Health & Hygiene drives reaching 100+ students across campus.
